JUKI®

**Sweet and Cute
Sewing Machine
for You!**

Automatic Needle Threader

**Large and Easy-To-Use
Stitch Selector and Reverse Feed Lever**

HZL-27Z

★Fine Tuned Functions are Easy To Use for Beautiful Sewing Results★

Automatic Needle Threader

Simply lower the lever and turn it back and forth. This single action makes it easy to thread the needle.

Large and Easy-To-Use Stitch Selector and Reverse Feed Lever

Stitch patterns can be selected by the large, easy to operate dial. The Reverse Feed Lever is also conveniently larger for simple operation.

White LED Light

Brightens the needle entry area. LED light will not heat up even during long operations.

4-Step Buttonholing

Buttonholes can be sewn neatly with 4 easy steps.

Easy Drop-in Bobbin

It is simple to prepare the bobbin thread and to clean the hook area. The remaining amount of bobbin thread is visible through the transparent cover.

7-Point Feed Dog

From light-weight material to denim. 2 extra Feed Dogs are located in front of the needle entry hole. With the 7-point feed dog the machine feeds any light weight to heavy weight materials consistently.

Free Arm

The accessory box slides off for free arm sewing. Standard accessory parts can be neatly stored in the box.

Easy Sewing Start

Push the black button at the presser foot and make it parallel to the throat plate. This makes it easy to start sewing multiple layers of fabric or overlapped materials.

22 Stitch Patterns + Buttonhole

Changeable Needle Positions

Zigzag width can be adjusted by simply turning the Stitch Selection Dial. For straight stitches, either the left or center needle position can be selected.

HZL-27Z | Dimensions: 388 (W) X 280 (H) X 198 (D) mm
Weight: 5.9 KGS (13.0 LBS)
