

KW-2918D

High Speed, Direct Drive, 1-Needle, Lockstitch Buttonholing Sewing Machine

Direct Drive Motor

Working Panel

Sample Stitching

► FEATURES:

- Adopts direct drive servo motor and computer control variable speed, compares with the traditional mechanism, bypassing the most mechanical transmission working, therefore the noise is low, vibrates lightly, high performance and low energy consumption.
- Can sew flat and triangle stitching, the stitching is strong and beautiful.
- Buttonhole length, width and number of stitch is adjustable.
- Apply buttonhole seam to all kinds of knitting, cotton and chemical fiber fabric. Suitable for thin and medium thick material.
