

## KW-2900S

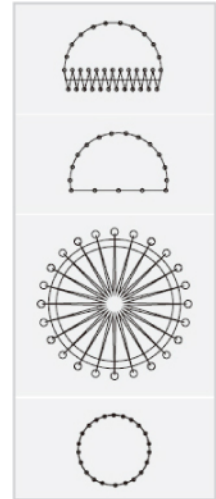

Computer-Controlled, High Speed, Bartacking Machine

### ► Types of Stitches:

with standard foot

with special foot

### ► ADVANTAGES:

- Wide sewing area and versatile sewing patterns.
- Data storage method either by EEPROM or EP-ROM.
- Direct-drive type machine head (without belt) connected by small AC servo motor achieves outstanding response performance and precise stop precision. It can create comfortable working environment of low vibration and low noise.
- Equipped with hand-wheel at head in order to define needle point easier.
- Convenient operation control panel.
